Product description:

PICKUP Thermal 4Z ELITE600 — 4 Heating Zones

The **QS-PICKUPT4Z** target from QUARTZ SYSTEMES is based on the **KING GONG PICKUP ELITE600**. This pickup truck silhouette is designed for shooting training with thermal imaging sights.

Thermal signature: front wheel, rear wheel, engine and exhaust

The **4Z** version features **4 heating zones: front wheel, rear wheel, engine and exhaust**, creating a representative thermal signature on the target.

Setup and operation

Armoured ground stand included. Freestanding ground target.

The system is designed for quick, straightforward setup. An indicator signals the start of the heating cycle, and a low-battery indicator shows when the battery is depleted.

Power supply

This version uses **2 removable batteries** and is supplied with 2 **BOSCH Professional 18V 5.0 Ah batteries**. Runtime depends on battery capacity and operating conditions.

ELITE600 range

The ELITE600 range combines steel grade and thickness for high abrasion resistance. It is optimised for high-velocity projectiles, including 5.56 mm NATO / .223 Remington. This target is intended for calibres up to 12.7 × 99 mm NATO (.50 BMG).

Included

- One PICKUP Thermal 4Z ELITE600 target with 4 heating zones.
- An armoured ground stand.
- 2 BOSCH Professional 18V 5.0 Ah batteries.
- One EU 230 V AC / 50 Hz charger.

Dimensions and scale

Target dimensions: **106.6 × 36 cm** (length × height). **Scale 1:5.**
