TYGONG Gong Ø 150 mm – .22 LR Dedicated Series

Product codes:

Reference: KG-TG150
EAN13: -
UPC: -

Product features:

Target Dimensions: Dia. 150mm
Material: Hardox 450
Thickness: 5mm
Surface Treatment: Rustproof Primer

Product short description:

Round steel gong, 150 mm in diameter designed exclusively for .22 LR. Made from 5 mm Hardox 450 steel for intensive use from 25 m to long range, with the same manufacturing standards and anti-corrosion finish as the all-calibre models. Mounting holes for suspension with M10 screws.

Product description:

Description

The **TYGONG by KING GONG .22 LR Dedicated Series** has been specifically designed for **.22 Long Rifle** shooting, from **25 meters** up to **500 meters and beyond**, depending on the setup.

This range is manufactured from **Hardox 450 steel with a 5 mm thickness**, precisely matched to the energy and repeated impacts of the .22 LR caliber. It provides an optimal balance between **durability**, **controlled weight** and **long service life** under intensive use.

Manufacturing follows the **same strict quality standards** as the **all-caliber Hardox 600 – 12 mm models**, including precise cutting, dimensional control and careful finishing.

Each gong features a **factory-applied anticorrosion primer**, identical to that used caliber versions, ensuring long-term protection before painting or use.

- Caliber: **.22 LR only**
- Dimensions : **diameter 150mm**
- Material: **Hardox 450 steel**
- Thickness: **5 mm**
- Shooting distance: **25 m to 500 m and beyond**
- Use: **sport shooting and intensive training**
- Finish: **factory-applied anticorrosion primer**
