EAN13: -

UPC: -

Product features:

Product short description:

Green MTN PRO chalk spray paint, 400 ml, for temporary stencil markings, exercise reference points and signage on suitable surfaces. Matt, opaque finish, quick drying and water-based cleaning.

Product description:

Temporary green markings for training exercises

MTN PRO chalk spray paint helps you mark areas with stencils, create exercise reference points and add temporary signage on suitable surfaces. Green provides clear contrast against a light background.

- Reference: MTN-CHALKV.
- Colour: green.
- Can size: 400 ml.
- Low-odour, water-based formula.
- Matt, opaque finish; quick drying.

Use and cleaning

The paint can be cleaned with water. Results depend on the surface material and porosity: test a small area before use. For lasting target repainting or covering old impact marks, choose permanent MTN 94 paint instead.

Follow the instructions and precautions printed on the aerosol can.
