Product features:

Product short description:

Spray Gun Pro trigger handle for Montana Colors spray cans. Improves handling when repainting targets and larger surfaces. Reusable accessory; spray paint can not included.

Product description:

Comfortable handling for target repainting

The Spray Gun Pro clips onto the spray can and operates the nozzle with a trigger. It makes extended painting sessions more comfortable when maintaining steel targets.

- Ergonomic handle with trigger.
- Fits without removing the can’s coloured ring.
- Compatible with Montana Colors spray cans.
- Handle only; paint can not included.

Use

Shake the can according to its instructions. Clip the handle at the valve, beneath the nozzle.

Press the trigger to spray. Follow the paint manufacturer’s application, ventilation and cleaning instructions.
